

Won Toss & Match

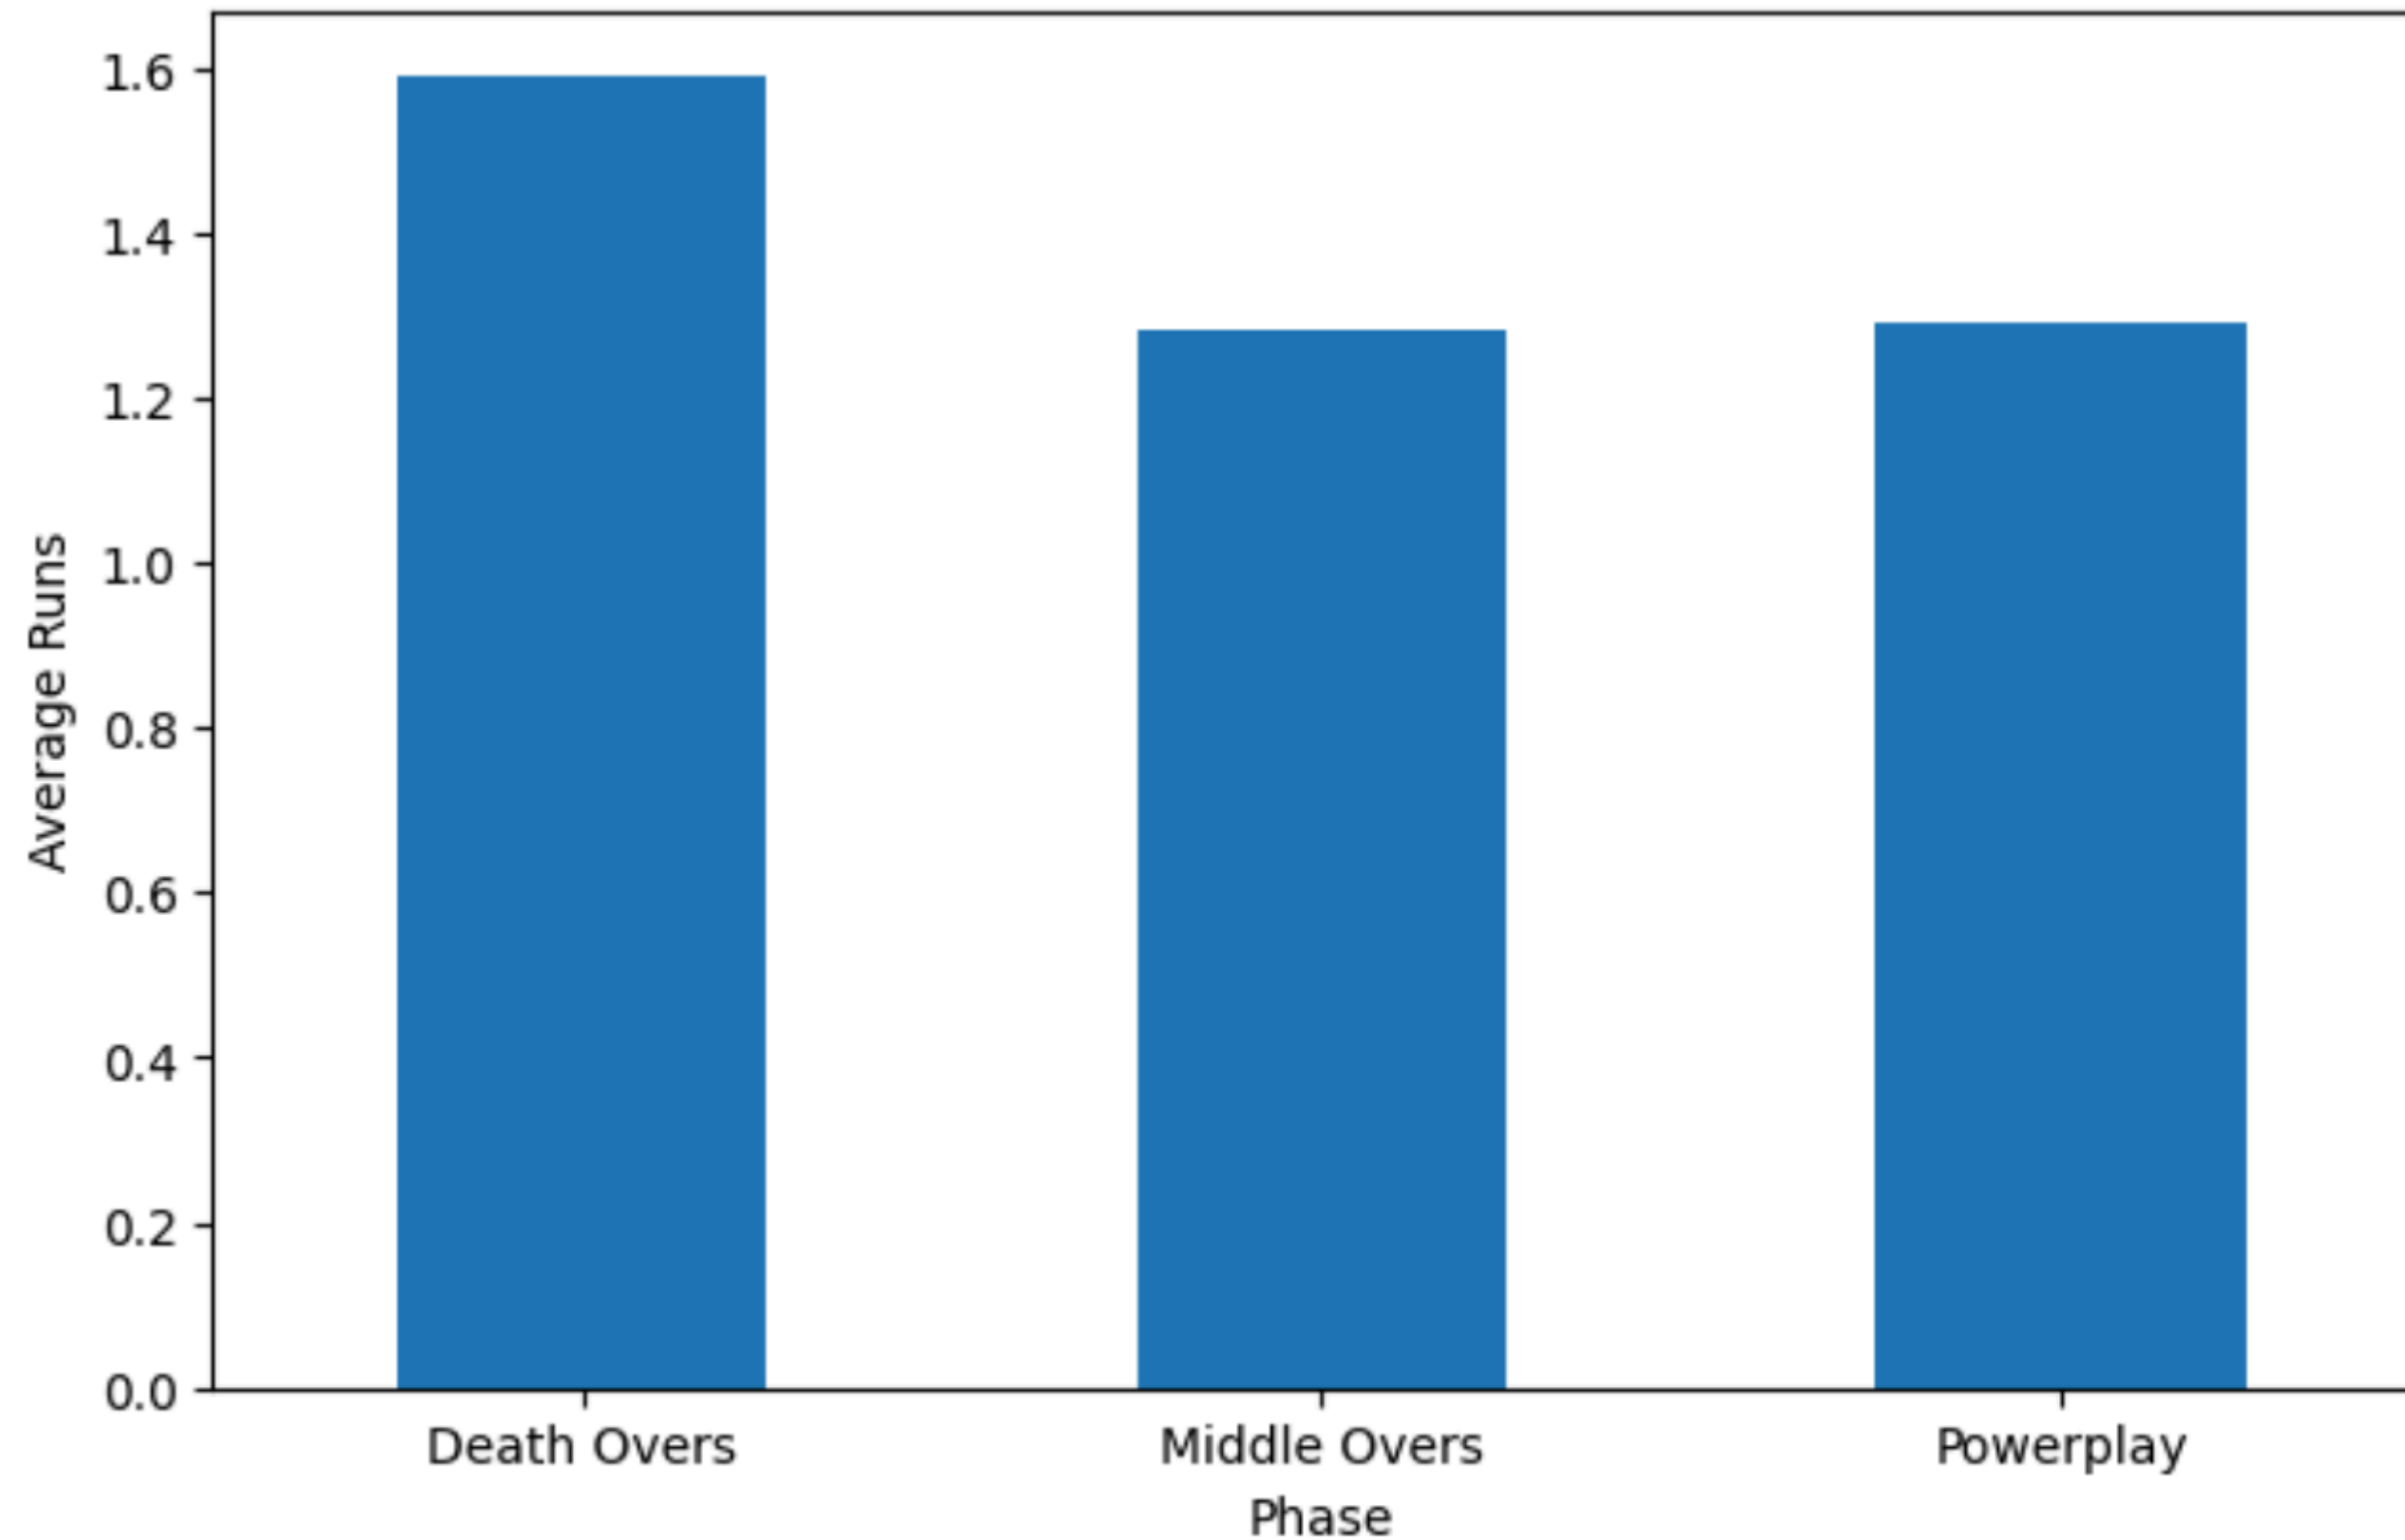

50.5%

49.5%

Lost Match After Toss

INSIGHT: If percentages are close to 50-50,
toss does NOT strongly decide matches.

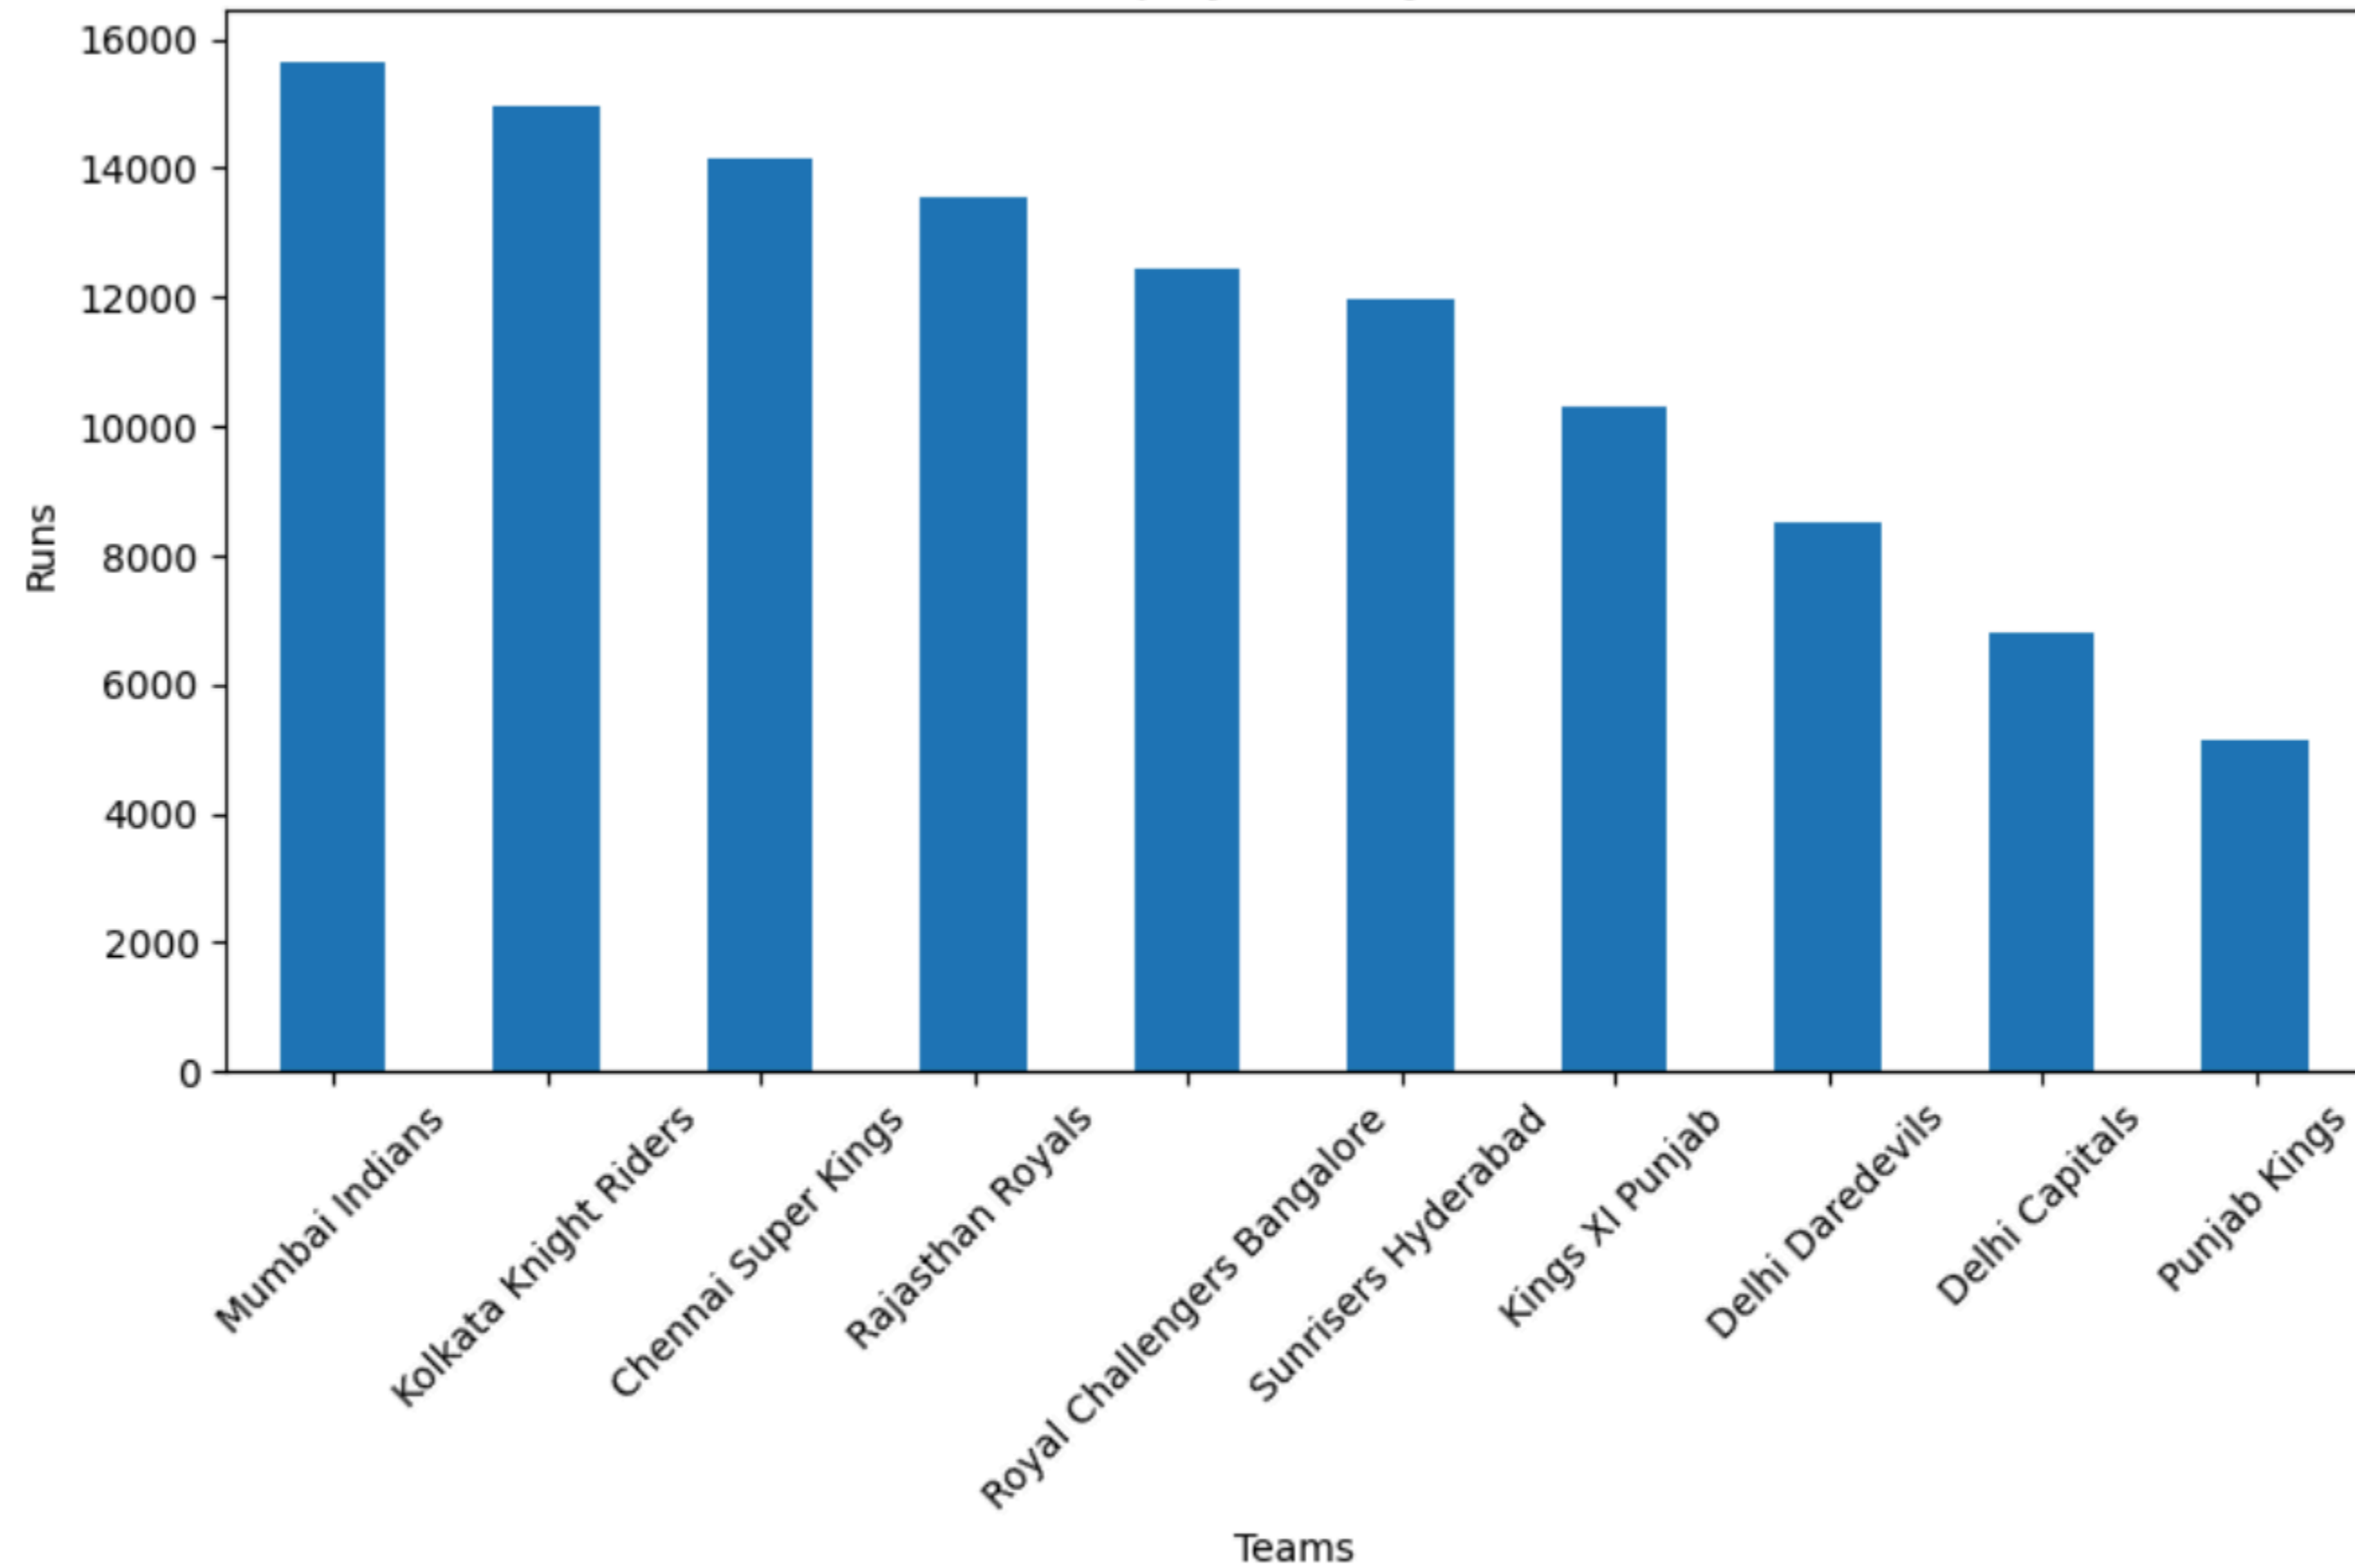

Average Runs in Match Phases

INSIGHT:

- Powerplay shows aggressive batting.
- Middle overs usually stabilize innings.
- Death overs often have highest scoring rate.

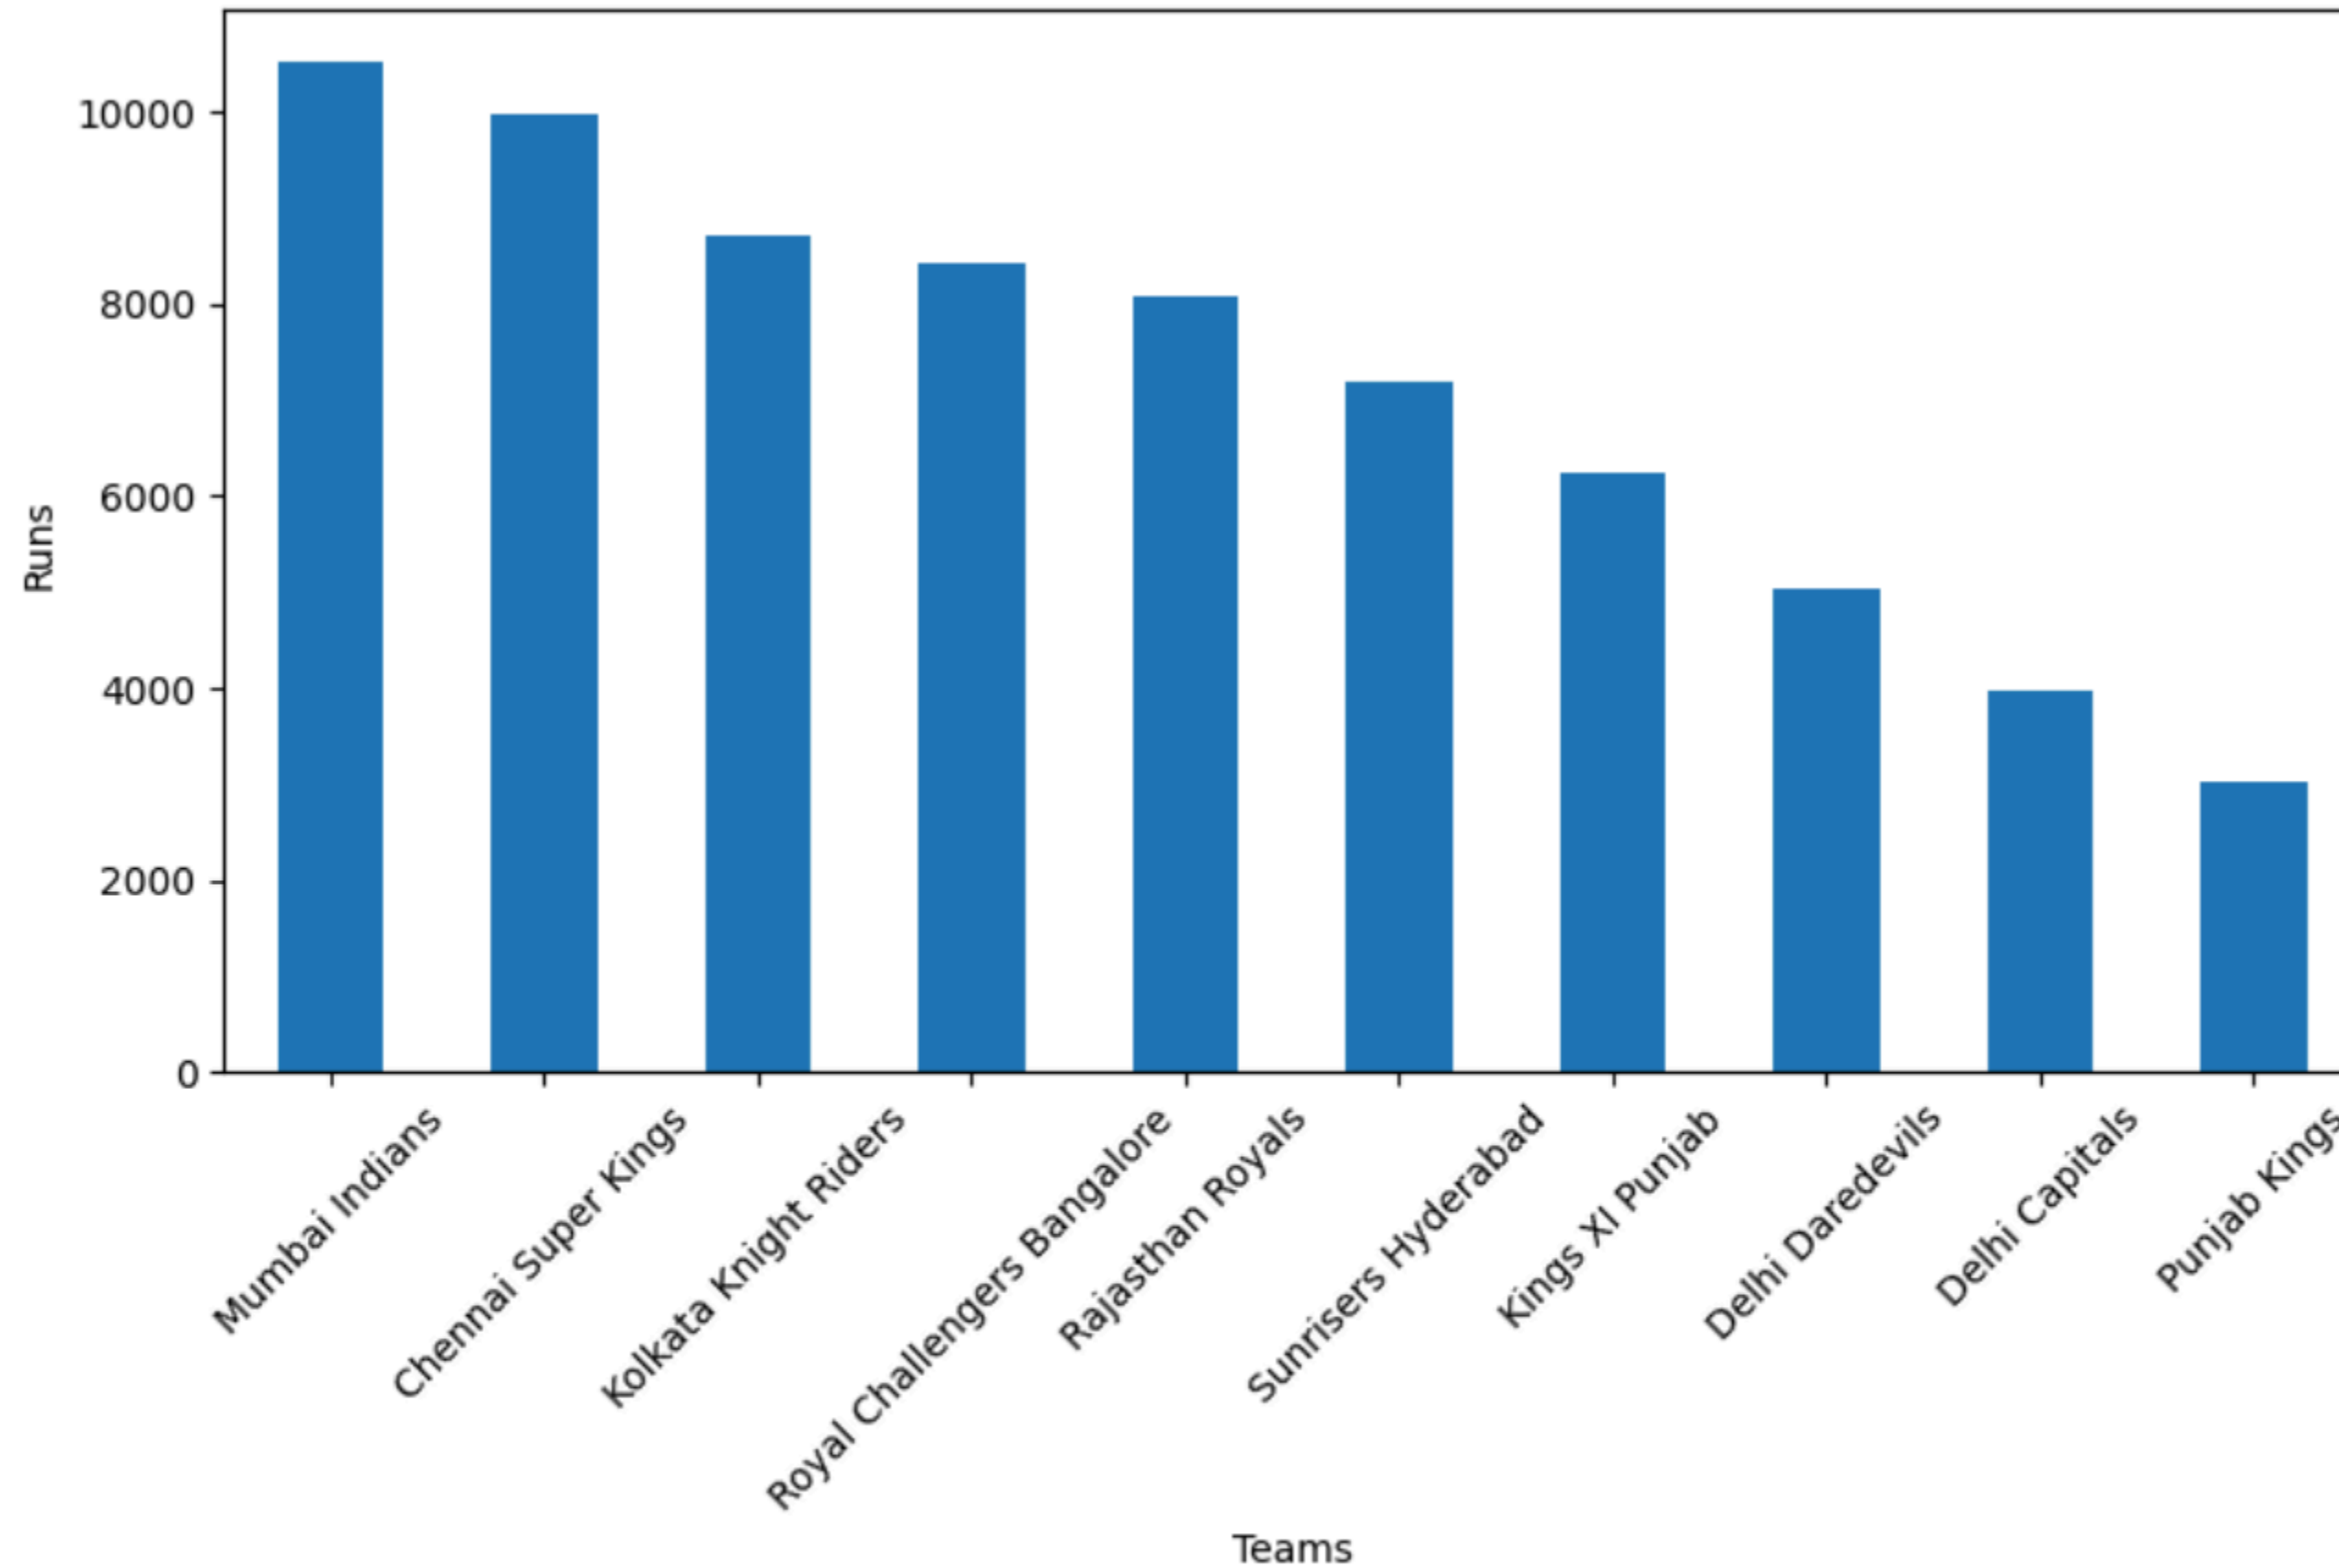

Powerplay Runs by Teams

Insights :

- Mumbai Indians and KKR scored the highest powerplay runs, showing aggressive opening strategies.
- Teams with strong powerplay performance gain early momentum and higher run rates.
- Punjab Kings and Delhi Capitals had lower powerplay scores, indicating slower starts.

Death Overs Runs by Teams

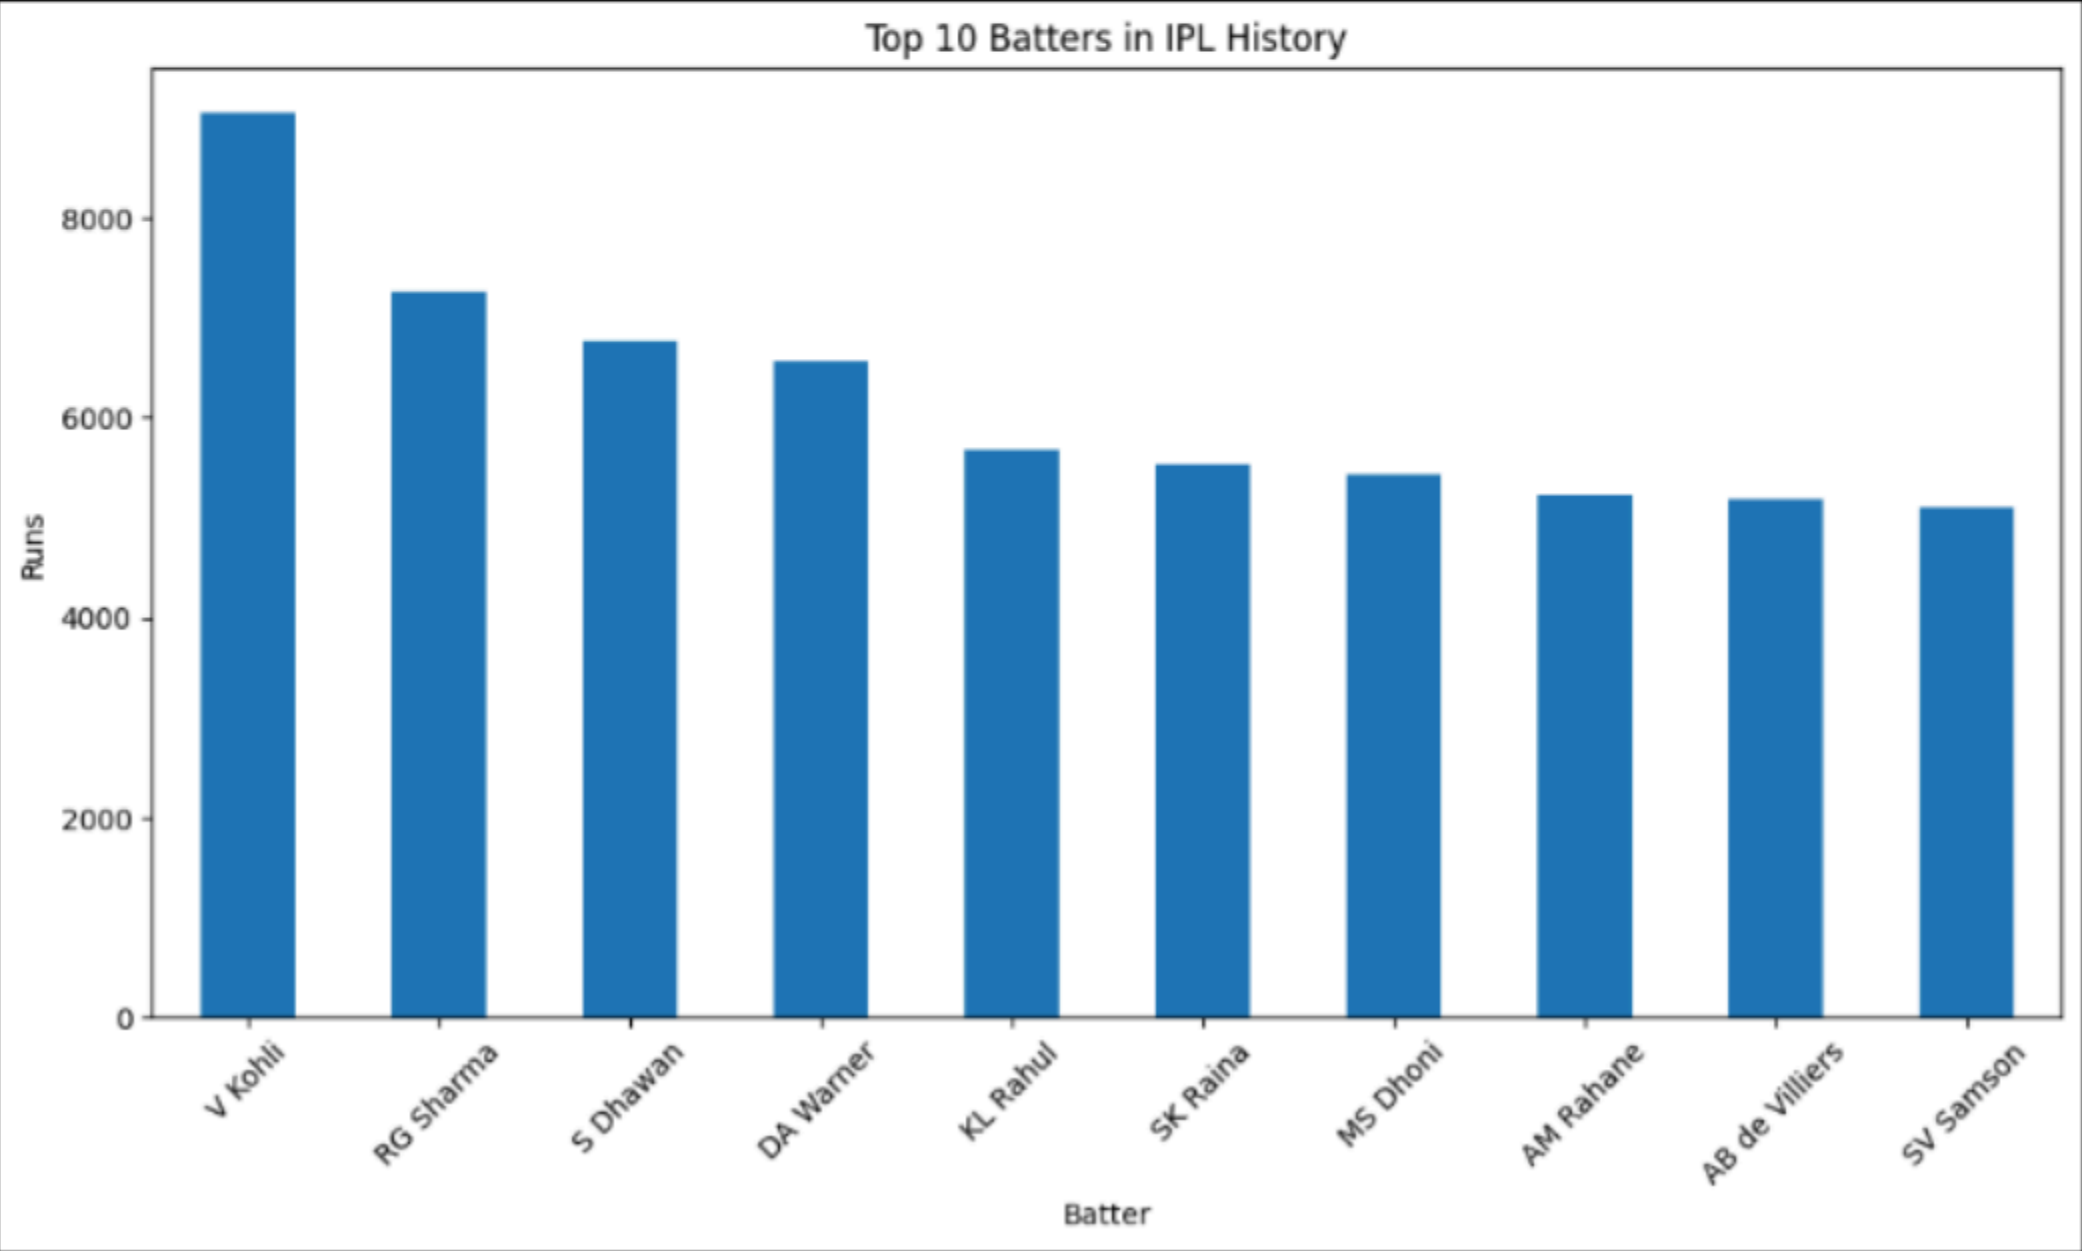

Insights :

- Mumbai Indians dominated death overs, proving strong finishing ability in final overs.
- CSK and KKR also performed well due to powerful middle and lower-order batting.
- Teams with high death-over scoring usually have better chances of winning close matches.

Chasing vs Defending Wins in IPL

INSIGHTS:

- More chasing wins indicate batting second is easier due to dew or pitch conditions.
- More defending wins show scoreboard pressure plays an important role in T20 cricket.
- Balanced results suggest both strategies are equally competitive in IPL matches.

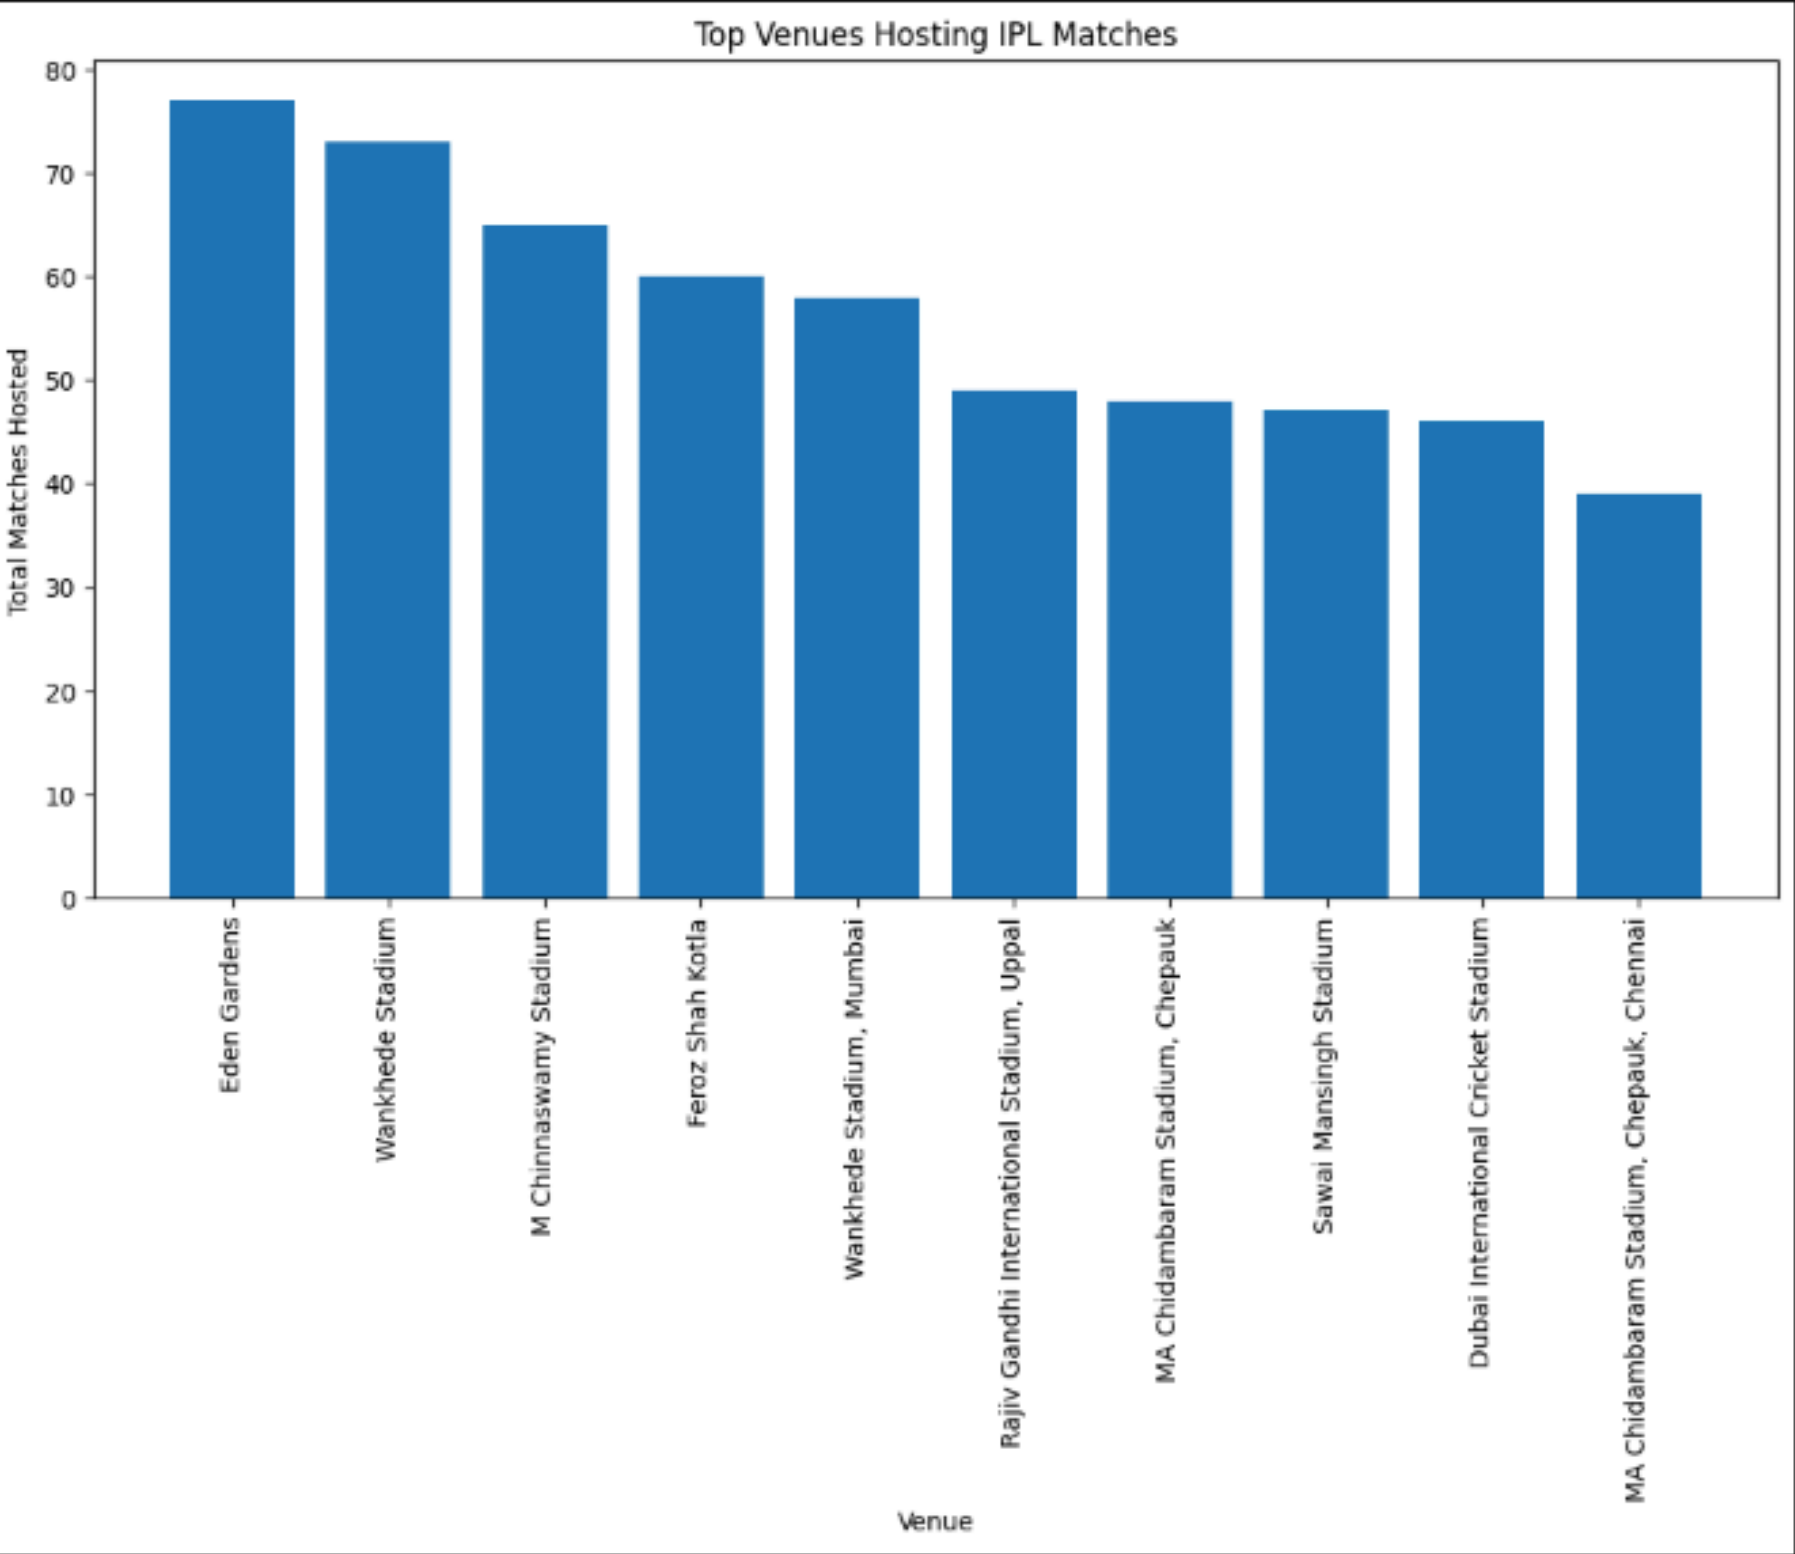

INSIGHTS:

1. Caught is the most common wicket type, showing fielding and pace bowling dominate IPL dismissals.
2. Bowled and LBW dismissals are also frequent, indicating strong line and length bowling strategies.
3. Run-outs and stumpings occur less often, usually depending on special match situations or fielding brilliance.

Shocking Insight :

> Mumbai Indians dominate both the ****powerplay overs**** and ****death overs****, which is extremely rare because most teams are usually strong in only one phase of the game.

This shows that Mumbai Indians maintained:

- > Aggressive starts
- > Strong middle-order stability
- > Powerful finishing ability

making them one of the most successful IPL teams statistically.
